

# MyMeter

Energy benchmarking  
and more!

**mgoe**  
your community energy company

MyMeter is an online energy dashboard where MGE business customers can view their electric and/or natural gas usage data.

With MyMeter, businesses can:

- Set usage threshold alerts.
- Set energy markers to track performance pre- and post-event.
- Set and track monthly performance targets (for customers with AMI electric meters).
- Download energy data in an easy-to-use format.
- Perform energy benchmarking with ENERGY STAR® Portfolio Manager.

## How to access MyMeter

MyMeter is available to all MGE business customers, but you need an active My Account User ID. After logging in to My Account, you'll see the "MyMeter Dashboard" link under your list of Programs. It's also available under Electric Use History and Natural Gas Use History (if applicable).

## Resources

Visit [mge.com/mymeter](https://mge.com/mymeter) to watch tutorials and review Frequently Asked Questions. For specific questions, please reach out to your MGE Account Manager or email us at [Business@mge.com](mailto:Business@mge.com).

### New to My Account?

It's easy—all you need are the account number and account name as it appears on your MGE bill. Go to [mge.com/myaccount](https://mge.com/myaccount) and click "Register" to sign up. Then enjoy access to MyMeter and more!
